7. Council now took up the question of its response to the Vice-

Rector's request (Doc. 77-2-3). It was noted that the substance of Motion 77-2-2 would be preserved if item 1 of Doc. 77-2-6 were modified to read

"Minimum admission requirements to a 126-credit (8 term) programme .... CEGEP courses or their equivalents

201-103 Calculus I

201-203 Calculus II

201-105 Linear Algebra (revised)"

it being understood that the further addition of

201-101 Intro to Applied Mathematics

would not be opposed if this were necessary to choose a CLESEC-approved profile (profile 5 of Doc. 77-2-3).

It was also noted that profile 5 of Doc. 77-2-3 would be acceptable only within the context of Motion 77-2-2, and could not be listed in a university publication as the sole entrance requirement for the B.Eng. programme.

Motion  
77-2-4

8. Council adopted a motion to authorize the Dean to modify, if necessary, Motion 77-2-2, by modifying item 1 in Doc. 77-2-1 to read

(1 against)

9. It was agreed that the Chairman and Secretary would prepare a covering letter for Doc. 77-2-1 whose purpose would be to report the substance of Motions 77-2-2 and 77-2-4 to the Vice-Rector and to Senate.
10. CREPUQ - Committee of Engineering Deans

The Assistant Dean tabled Doc. 77-2-5, the Dean's office initial thoughts on the subject of CEGEP pre-engineering programmes. This document has already been submitted to the Committee.

of CEGEP subjects which would be acceptable.

11. It was agreed that Doc. 77-2-5 constituted a reasonable basis for further exploration and discussions with the Committee of Deans.

12. Enabling Resolutions - Centre for Building Studies

The Chairman drew Council's attention to Doc. 77-2-6, the enabling resolution of the Centre as enacted by the Board of Governors.

A typographical error was noted.
